Virtual Tour of the Central Bank Museum

The Central Bank of Trinidad and Tobago has launched a virtual tour of its Museum to coincide with International Museum Day.

Celebrated on May 18th each year, International Museum Day highlights relevant issues facing museums the world over. This year's theme is **"The Future of Museums: Recover and Reimagine."** The Central Bank Museum, therefore, chose this important day in the international cultural calendar to launch the virtual tour which has been several months in the making.

The tour takes visitors to various locations in the Museum and highlights important information related to its permanent exhibits.

The Museum has been physically closed to the public since March 16, 2020. However, Museum staff has been hard at work preparing virtual programming, like this tour, to keep in touch with its audiences — students, teachers and the public—and attract new ones.

The tour is easy to navigate and can be viewed on mobile devices as well as desktop or laptop computers.

The virtual tour of the Central Bank Museum can be accessed on the Central Bank of Trinidad and Tobago's website:
