

eboxTENDERS Vendor Registration / Qualification

The Central Bank of Trinidad and Tobago (CBTT) is in the process of digitally transforming our vendor relationship to bring automated solutions to our Supply Chain Management systems. In this vein, CBTT has partnered with eboxTENDERS in providing a fully automated Vendor and Procurement Management application.

The automated system will enable greater collaboration and efficiencies for both CBTT and our Vendors. It will allow Vendors to register and become Qualified with CBTT and potential bidders to browse, review and download tender packages. Most importantly, it will create a secure online environment to facilitate Quotations, Tenders, and Reverse and Forward Auctions.

Please see demo videos for guidance and registration link below:

- How to Register - <https://youtu.be/6VagNPCs8Bg>
